

CLASS OF 2023

WELCOME TO THIS YEARS
GRADUATE SHOW FOR
BA FASHION DESIGN
AT WESTMINSTER.

This year's graduates represent the exceptional skill, originality and diversity our students are known for. With themes exploring Afrofuturism, tactile jazz inspired knits, the 1960s French new wave, opulent Iranian layering, 1940's hop pickers, the paintings of Richard Smith, Polish folk costume and sculptural 3D printed prosthetics among the collections on show, the inspiration is as wide and varied as ever. Precise tailoring, upcycled knit, natural dyeing and experimental prints are used to full effect in a celebration of all the ways that fashion can delight and inspire us. Please join me in applauding our class of 2023 for their ingenuity, talent and ambition.
